PROFESSIONAL SUMMARY

Aspiring backend developer skilled in Java, Spring Boot, REST APIs, and PostgreSQL, with hands-on project experience building CRUD-based applications using layered architecture. Looking to join a team where I can learn, contribute, and grow as a Java backend developer.

TECHNICAL SKILLS

Languages: Java

Backend: Spring Boot, Spring Data JPA, Hibernate, REST APIs

Databases: MySQL, PostgreSQL

Tools: Git, GitHub, Postman, Maven

Soft Skills: Quick Learning, Time Management, Adaptable.

PROJECTS

Online Event Booking System – Backend

Aug 2026 – Dec 2026

Java, Spring Boot, Spring Data JPA, Hibernate, PostgreSQL, REST APIs

- Developed an online event booking application using Java and Spring Boot to manage events, users, and ticket reservations.
- Implemented REST APIs for event creation, updating, viewing, and deleting using Spring Boot.
- Designed and managed MySQL database tables for users, events, and booking details using Spring Data JPA.
- Implemented ticket booking, booking history, and event availability features to improve the user experience.

Hospital Management System – Backend

Jan 2026 – Mar 2026

Java, Spring Boot, Spring Data JPA, Hibernate, PostgreSQL, REST APIs

- Developed a hospital management application using Java and Spring Boot to manage patients, doctors, and appointments.
- Implemented REST APIs for patient registration, doctor management, and appointment scheduling.
- Designed and managed MySQL database tables for patients, doctors, appointments, and medical records using Spring Data JPA.
- Implemented patient record management, appointment tracking, and billing features to improve hospital operations.

EDUCATION

B.Tech in Computer Science and Engineering (IoT)

May 2026

QIS College of Engineering and Technology, Ongole

CGPA: 7.5/10

Intermediate (MPC)

Mar 2022

Sri Saraswathi Junior College, Ongole

Percentage: 85.4

CERTIFICATIONS

Salesforce Certification – Salesforce

Apr 2025
